

18 OCTOBER 2023

## CLIMATE CHANGE

**SALOON 2**

**Chair: Salih Levent Turan**

**14:00-15:20**

“Modern Trends in The Dynamics of Avifauna On Kolguev Island in The European Russian Arctic” **Petr Glazov**

“Predicting the Impacts of Climate Change on Caucasian Black Grouse, a Near Threatened Bird Endemic to the Greater and Lesser Caucasus Mountains” **Masoud Yousefi**

“Pronounced Changes in Populations of Birds On Northern Taimyr, Siberia, Over 26 Years: An Effect of Climate Change?” **Anastasia Popovkina**

“Climate fluctuations and the European bee-eaters’ nesting in Tver Region (European Russia)” **Andrei Zinoviev**

## BREAK

**15:20-15:40**

## CONSERVATION

**Chair: Hakan Sert**

**15:40-17:20**

“Status of breeding seabirds on the Mediterranean coast of Egypt from” **Mohamed Habib**

“Impacts of the EU trade ban in the wildlife trade network and its consequences to global invasion patterns” **Luis Reino**

“Status of threatened birds in Saudi Arabia” **Mohammad Zafarul Islam**

“Preliminary results of long-term monitoring study for persistent pollutants residues at the feather of common kestrel (*Falco tinnunculus*) in Türkiye” **Kalender Arıkan**

## BREAK

**17:20-17:40**

## WILDLIFE MANAGEMENT

**Chair: Ali Erdoğan**

**17:40-18:40**

“Wind Power Plant Projects and Türkiye” **Salih Levent Turhan**

“GPS-GSM Tracking as A Tool for Assessing the Hunting Impact on the Migration of Geese.” **Elmira Zaynagutdinova**

“Investigation of Antalya/Manavgat Case in Terms of Ornithotourism” **Hakan Sert**

## VII. INTERNATIONAL EURASIAN ORNITHOLOGY CONGRESS

MAP

## Address

Dokuz Eylül University, DESEM,  
Conference Hall, rectorate building  
Alsancak, No: 144 35210, Cumhuriyet Blv,  
35220 Konak

# VII. International Eurasian Ornithology Congress

IEOC 2023

18-21 October 2023

DOKUZ EYLÜL UNIVERSITY

İZMİR, TÜRKİYE

## PROGRAMME

## PROGRAMME OF IEOC

### 18 OCTOBER 2023

#### REGISTRATION AND OPENING

09:00-10:00

#### INVITED

10:00-11:00

“Galapagos Islands: Following the footsteps of Charles Darwin” **Michael Wink**

#### BREAK

11:00-11:20

#### MIGRATION

**Chair: Giovanni Forcina** 11:20-12:40

“Unfolding the elusive migratory direction genes in the willow warbler genome” **Staffan Bensch**

“The Common Terns in Croatia Migrate Through Two Different Flyways” **Željko Pavlinec**

“Post-breeding Movements of Common Terns *Sterna hirundo* in Croatia” **Jelena Kralj**

“Potential Impacts of Landfills on Avian Migration: A Geographic Information System (GIS) Based Investigation of Rift valley-Red Sea Flyway in Türkiye” **Görkem Akinci**

#### LUNCH

12:40-14:00

#### PHYLOGEOGRAPHY AND PHYLOGENY

SALOON 1

**Chair: Dieter Thomas Tietze** 14:00-15:20

“Phylogenetic position of Palearctic owls based on mitochondrial DNA sequences” **Ivan J. Starikov**

“Complete mitochondrial genomes of *Otis tarda* (Otidiformes: Otididae) from Türkiye, with the taxonomic implications” **Mehmet Baran**

“Anatolia: a hotspot of avian genetic diversity in the Western Palearctic” **Tamer Albayrak**

“Origin of the mysterious black francolin (*Francolinus francolinus*) populations from Greece and northern Africa finally unveiled” **Giovanni Forcina**

### 19 OCTOBER 2023

#### INVITED

09:30-10:30

“Thermoregulatory strategies during breeding”

**Jan-Åke Nilsson**

#### BREAK

10:30-10:50

#### EVOLUTION

**Chair: Carmen Gache** 10:50-12:30

“Song evolution in tits and chickadees (Aves: Paridae)” **Dieter Thomas Tietze**

“Investigating the genomic distortion of farm-reared chukar partridge (*Alectoris chukar*) populations using high-density SNP data” **Bekir Kabasakal**

“Reduced species recognition between subspecies of *Periparus ater* in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis” **Nathalie Boutros**

#### PARASITOLOGY

10:50-12:30

“Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins.” **Andrey Mukhin**

“A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey” **Ozlem Ozmen**

#### LUNCH

12:30-14:00

#### ECOLOGY

SALOON 1

**Chair: Luis Reino** 14:00-15:20

“Nesting birds in settlements on Svalbard”

**Natalia Lebedeva**

“From winter to breeding season: a close look at avian energy allocation in great tits” **Cesare Pacioni**

“Small Things Are Important. The Scale-Dependent Association Between Bird Diversity and Singular Point Elements in Farmland Differing in Management Intensity” **Sylwia Pustkowiak**

“Current Situation of Breeding Bird Species in the Gediz Delta, Turkey” **Özge Yaylalı**

#### BREAK

15:20-15:40

#### BEHAVIOR

**Chair: Özlem Özmen** 15:40-17:20

“Flock Defence System in the Great Bustard (*Otis tarda*, Linnaeus, 1758)” **Muharrem Karakaya**

“An Observation on Eurasian Collared-Dove (*Streptopelia decaocta*) and Laughing Dove (*Spilopelia senegalensis*)” **Nilgün Yapıcı**

“Behavioural and cognitive differences between rural and urban great tits – A common garden study”

**Utku Urhan**

#### BREAK

17:20-17:40

#### ECOLOGY

**Chair: Tamer Albayrak** 17:40-19:00

“The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia” **Mikhail Soloviev**

“Can an Increase in The Number of Barnacle Geese Lead to A Competition with Other Goose Species On Breeding Grounds?” **Julia Loshchagina**

“Checklist of Afrotropical bird species observed in the Sahara of Algeria.” **Boulaouad Belkacem Aimene**

“Unravelling the drivers of the red-backed shrike (*Lanius collurio*) breeding distribution in Eurasia” **Manuel Ribeiro**

### 20 OCTOBER 2023

#### FIELD TRIP TO GEDIZ DELTA

### 21 OCTOBER 2023

#### FIELD TRIP TO EFES
